PROFILE

A self-motivated and energetic Frontend Developer with over 1 year of experience, seeking an environment that allows me to utilize my skills to their fullest potential and offers opportunities for professional growth and enhancement of expertise.

WORK EXPERIENCE

Intern as Web Desinger

Codelab IT Solutions   2023-2024

- Designed and developed responsive and visually appealing websites using HTML, CSS, JavaScript, and Bootstrap, ensuring cross-browser compatibility and mobile responsiveness.
- Conducted user research and applied best practices in user interface and experience design to create intuitive and engaging websites, improving user satisfaction and retention.
- Managed multiple web design projects simultaneously, coordinating with clients to understand their requirements, setting project timelines, and ensuring timely delivery of high-quality products.
- Applied on-page SEO techniques, such as optimizing meta tags, keywords, and content structure, to enhance website visibility on search engines and drive organic traffic.
- Provided regular website updates, bug fixes, and security enhancements, along with client training and support to ensure ongoing website performance and client satisfaction.

Projects

Simple Spark
